

GIANTS

THE GLOBAL POWER ELITE

INSIDE THE 1% TRANSNATIONAL CAPITALIST CLASS

- Eight men have as much wealth as half of the world's population (more than 3.5 billion people).
- The personal wealth of Jeff Bezos, the head of Amazon, is \$165 billion.
- The top 17 asset management firms control \$41.1 trillion of capital, giving them enormous power all over the world.

Peter Phillips' latest book *Giants: The Global Power Elite* takes a look at the top 300 most powerful players in world capitalism, who are currently in control of the global economy. Peter Phillips has been a professor of Political Sociology at Sonoma State University since 1994. He is a former director of *Project Censored*, co-hosted the weekly *Project Censored* show on Pacifica Radio, and was editor/coeditor of 14 issues of *Censored*. He is also former president of the *Media Freedom Foundation* and has received many writing awards. His book will be on sale at the event.
